"We call it the 'sacred' red road because it is the road that will lead us to living the good life, an honest and healthy life."

- Larry P. Aitken, CHIPPEWA

The Red Road is the path we walk on when we want a direct relationship with the Great Spirit. This requires sacrifice. This requires us to have our beliefs tested. To walk this path is really an honor. The returns for doing so are exciting, not only for ourselves but for the effect that will be felt for three generations. This means your children will see the benefits as well as your grandchildren. Do I want to walk this sacred road?

Great Spirit, guide myself and my family on the Red Road

Opportunity for Training: Attention!!!

The tribal government recently created a partnership with Occidental Chemical Corporation in Ludington, Michigan to identify those Tribal members that may be seeking current opportunities and up to 40 new positions by the year 2014 in the Maintenance profession with welding and electrical backgrounds.

We will be working closely with workforce development to identify those parties who are interested in obtaining the required training and schooling to get into their apprenticeship programs and other training in welding and electrical through schools such as West Shore Community College and other certification institutions.

If you know of anybody interested in pursuing this career opportunity or who may be qualified for the current position, please forward their resume and information to our HR department or Dave Hawley in workforce development. If any individual needs more information or needs help in formatting a resume, our Workforce Development department will assist in that process.
